FRIDAY 10TH JUNE 2025

Unfortunately, this month's Friday afternoon session suffered the lowest ever attendance for a Friday, due to holidays, and those who could not make due to being under-the-weather. In the end, with the help from Roger, replacing Tim Smith, we managed to put together 3½ Tables to play 14 very interesting and challenging computer-generated hands, courtesy of Tony and Wellingborough Bridge.

FRIDAY 18TH JULY 2025

Some of our new members, who attended the recent Bridge For Beginners Course 2025, are now starting to put their toes-in-the-water of duplicate bridge, with a great result for Roger Atterwill in only his second attempt. His excellent performance on 18th July (below) will hopefully encourage other participants on the course to also give it try.

Friday 19th September

It was certainly a couple of good results for the ladies this time around, fending off the chasing men in both events this month. In particular, Del Smith taking second place with Thursday evening partner Gila, followed by a very big win with her Friday partner Jane, achieving a massive 68% that afternoon.

FRIDAY 17th OCTOBER 2025

This has been an interesting month for both Bridge Groups, with the monthly duplicate sessions for each group throwing up very unusual results. It is very rare for two pairs to end up with the same score, but this did happen on 9th and again on 17th October. The top two pairs on each day were only separated by the individual tops score and shared joint top scores.

Friday 12th DECEMBER 2025

The last Friday Duplicate afternoon of the year was a momentous occasion for Paula Jones and partner Lynda, with a best-ever outcome for the new pairing of Mary and Helen, who only got together following the summer departure of Dilys Spokes and Carol Phillips.

And finally, a major 'THANK YOU' goes to Tony Nixon who, for the past eighteen months has been kindly arranging the 16 Boards we need to have for each of the two monthly duplicate sessions. The 32 packs of cards are fed into a computer-driven shuffler/sorter where, previously, it needed a whole weekend to design each of the two sets of 16 hands manually, 2 week-ends every month!
